

WHATSAPP CONVERSION SEQUENCE

(~~₦~~3,500 SLO)

DAY 0 – DELIVERY (Immediately after opt-in)

Hey [Name].

Here's the guide you requested:

👉 [PDF LINK]

Quick instruction:

Don't skim it.

Read it once properly—20 minutes, no distractions.

Most people will read it and move on.

A few will actually see what's inside it.

That difference is where the money is.

I'll send you a few short messages over the next few days—no spam, just things that will make this clearer.

If at any point you want out, just say “stop.”

Talk soon.

DAY 1 – VALUE + OPEN LOOP

Quick one, [Name].

There's something most people completely miss in that guide.

They think the goal is:

👉 “Find a trending topic and post about it”

Wrong.

The real game is this:

👉 A trend is just a container

👉 Emotion is what people actually respond to

If you don't identify the emotion, you'll get views... but no money.

If you do identify it, even a small post can bring leads.

That's the difference.

Let me ask you:

What's one trend you've seen recently that blew up—but you had no idea how to profit from it?

DAY 3 – SOCIAL PROOF + POSITIONING

I want to show you something real, [Name].

Someone I shared this with didn't have:

- A product
- A following
- Any experience with funnels

Just a phone and one trending story.

He used the same idea you saw in the guide.

Result?

- Got people messaging him within 48 hours
- Built a small WhatsApp list from scratch
- Made his first sales that same week

Nothing fancy.

No ads at first.

Just clarity + execution.

That's when I realized:

Most people don't fail because it's hard.
They fail because they don't know what to do next after seeing the trend.
Tomorrow, I'll show you exactly what's missing.

DAY 4 – GAP REVEAL (PRE-PITCH SETUP)

Here's the missing piece, [Name].

The guide showed you **what's possible**.

But it didn't show you:

- The exact prompts to use
- How to turn your idea into actual content fast
- How to structure the funnel properly
- What to say when people reply

And that's where most people get stuck.

They understand the idea...

...but can't execute it.

So they go back to scrolling.

That's why I built something small but very direct.

I'll show you tomorrow.

DAY 5 – THE OFFER (₦3,500 CLOSE)

Alright, [Name]. Here it is.

I put everything into one system:

AI MONEY EXTRACTION KIT (Viral Edition)

Price: ₦3,500

This is not theory.

Inside, you get:

- The full V.I.R.A.L system (step-by-step)
- 7 AI prompts that generate content, leads, and sales
- Plug-and-play funnel templates
- Real case studies with numbers

You don't need to "figure things out."

You just follow and execute.

👉 Get it here: [PAYMENT LINK]

If you're serious about turning trends into income, this is the next step.

If not, the free guide is still enough to stay where you are.

Your call.

DAY 6 – OBJECTION HANDLING + CLOSE

Let me address what's probably on your mind, [Name].

"Will this actually work for me?"

Fair question.

Let's break it:

"I don't have time"

→ You need 1–2 focused hours. That's it.

"I've tried things before"

→ You tried without a system. This gives you one.

"I don't know if I can do it"

→ You already understood the guide. This just shows you how to execute it.

This is ₦3,500.

Not a course. Not a gamble.

A working system you can run immediately.

If you take it seriously, you'll get clarity fast.

I'll leave this open for now.

After that, I move on to the next batch.

BONUS — REAL CLOSE (1:1 REPLY SCRIPT)

When someone replies, THIS is where money is made.

Use this:

If they say: "I'm interested"

Reply:

Good.

Quick one—what part of the guide made the most sense to you?

(Wait for response → then say)

Perfect. That's exactly what the full kit expands on.

Instead of guessing, it shows you exactly what to do step by step.

You can get it here: [LINK]

If they say: "I'll think about it"

Reply:

No problem.

Just be honest—what exactly are you unsure about?

(They reveal real objection → handle directly → then:)

That's exactly why the system exists.
Not more information—just execution.

If you're ready, here's the link: [LINK]

If they say: "I don't have money"

Reply:

I understand.
But the real question is—
is ~~it~~ \$3,500 the problem, or not knowing how to turn attention into money?

(Pause)

Because the system doesn't remove effort—
it removes confusion.

FINAL WARNING (IMPORTANT)

If you just blast these messages...

👉 You'll get weak results.

If you:

- Personalize names
- Reply fast
- Engage conversations

👉 You will close.

WHAT YOU NOW HAVE

You now control:

- Attention (from your content)
- Leads (from your PDF)
- Conversion (from this sequence)

Most people stop at content.

You didn't.

If you want next level:

👉 I can build your **payment page + order bump + upsell flow**

Say: **"Build the funnel backend"**
